ENVIRONMENTAL POLLUTION CONTROL DAY

- Environment pollution control day celebrated at every year 2nd December to spread awareness about the problem caused by increasing pollution.
- The day aims to bring awareness about the fatalities caused due to polluted water, land, and air.
- Nowadays the problem of pollution is increasing day by day and it is the duty of the respective government and also the people to reduce the level of pollution. We should generate awareness to students and plant more number of trees to control pollution.

CARRIER GUIDANCE PROGRAM

A career guidance program can help the students in the job search process. Once they have chosen a career, they think strategically about the steps to accomplishing their goal and research in the field of technology. We organize interactive seminars on new technologies.
